# Az Open Source és a Microsoft

"Azure Container Service is different and offers the broadest hint yet that Microsoft wants to build real products with open source, not merely leverage it where it's convenient"

**InfoWorld** Serdar Yegulalp

Microsoft: the Open Source Company

"This is not your dad's Microsoft"

**ZDNet** Steven J. Vaughan-Nichols

Redmond top man  
Satya Nadella:  
'Microsoft LOVES Linux'

**The Register** Neil McAllister

Dead and buried:  
Microsoft's holy war on  
open-source software

"Years ago, Microsoft's CEO described open source as a cancer. Times have changed. Just ask 22-year Redmond veteran and open-source proponent Mark Hill."
